Critical Illness

If you're like most people, being diagnosed with a critical illness can be overwhelming, even scary. The last thing you want to worry about is money.

**If you had a heart attack tomorrow, what would you worry about?**

Critical illnesses, such as heart attack, cancer and stroke, happen every day. They can have serious consequences, both physical and financial. To maintain your lifestyle and help you recover, you may need some financial help.

**Are your savings enough to pay your bills?**

While you're being treated for a critical illness, your income could be affected for 3 to 6 months. Most families do not have enough savings to keep up with:

- Rent or Mortgage Payments
- Credit Card Debt
- Savings for College & Retirement
- Car Payments
- Childcare
- Household Expenses

**Critical illnesses are expensive.**

Simply put, critical illnesses cost money. Even with medical insurance, out-of-pocket expenses like these can pile up quickly:

- Medical Deductibles and Co-Pays
- Prescriptions
- Nursing Care
- Out-Of-Network Specialists
- Rehabilitation
- Medical Travel

Would a check for \$20,000 help?		Expenses to Consider
<p>Chubb Critical Illness pays you cash immediately. Upon diagnosis of a covered illness, we send a lump sum check directly to you. You can use your cash benefit however you choose—to help with your everyday living expenses, pay your out-of-pocket medical costs or replace lost income. ## Here's How it Works

When you are diagnosed with a covered condition, submit your claim and we'll quickly send you a check. It's that simple. You can use your money however you choose.

### Triple Benefit

If you get sick again with another covered condition, you're still covered. With Triple Benefit, you can receive up to 3 times the Face Amount for each person you choose to cover. That means if you choose a \$20,000 Face Amount you can receive as much as \$60,000 in cash.

### Recurrence Benefit

If we have paid a critical illness benefit for Benign Brain Tumor, Cancer, Coma, Heart Attack or Stroke, and there is a recurrence, you can receive up to 100% of your Face Amount, as long as you were back to work and treatment-free for at least 6 months. The Recurrence Benefit can be paid up to 2 times.

### Triple Benefit in Action (example)

<i>\$20,000 Face Amount x 3 = \$60,000 Total Maximum Benefit</i>		
Heart Attack Diagnosis	\$	20,000
Stroke Diagnosis ( <i>first</i> )	\$	20,000
Stroke Recurrence	\$	20,000
<b>Total Benefits:</b>	<b>\$</b>	<b>60,000</b>

The Critical Illness Benefit can be paid once per covered condition up to the Maximum Benefit Amount. Covered conditions must be diagnosed at least six months apart.

This example is hypothetical and is solely to illustrate a situation that can result in benefits payable for a claim. It is not based on an actual claim and should not be compared to an actual claim.
