Every life has a story.

You have a picture of the way you want your life to go.

Now imagine if something happens that not only changes your picture, it changes your life story.

Trustmark Critical HealthEventsSM insurance can help. It can help you live your story, your way – even when your health gets in the way.

A revolutionary concept in Critical Illness insurance built by people like you.

Life goes on.

You have responsibilities – to yourself and to your family. If you get sick you need to rely on others for help, and your family still needs attention. If a family member gets sick, you attend to their needs. And the demands of life still go on.

Trustmark talked to patients and to those giving care when developing the new Critical HealthEvents insurance. This coverage is designed to focus on critical illness the way it is experienced by those closest to it.

I should hope that a benefit would be payable at the first signs of cancer, coronary disease and cerebral vascular disease (stroke).

If I catch my cancer early, I still need help with unexpected expenses.

Critical HealthEvents insurance – a lifetime of benefits.

Due to earlier diagnoses, improvements in treatment and changes in lifestyle risk factors, cancer, heart attack and stroke are showing higher survival rates.¹ Early diagnosis can be a lifesaver, yet successful treatment may be expensive, and a critical illness can sometimes come back again.

Trustmark's Critical HealthEvents focuses on more aspects of the ways critical illness touches your life.

- The base policy focuses on the conditions that are most likely to occur.² This helps keep coverage affordable because you aren't paying premiums for a list of unlikely conditions.
- Benefits are payable for early identification as well as for later-stage diagnosis.
- Earlier benefits help provide funds as quickly as possible to help ensure that treatment or preventive measures may stave off late-stage illness.
- A replenishing annual benefit helps you deal with a new or recurring covered condition.
- Events that trigger a benefit are simple and easy to understand.

You are not alone when you have Trustmark protection. Life goes on. And so does your Trustmark Critical HealthEvents insurance.

90% of Critical Illness insurance claims are for cancer, heart attack or stroke².

"As a medical doctor, I can heal (someone) physically. But only insurers can repair (a person's) finances."

Marius Barnard, M.D. South African physician, was on the medical team that did the first successful human heart transplant in 1967. In 1983, Dr. Barnard created Critical Illness insurance.

How does Trustmark Critical HealthEventsSM work?

Your selected base benefit amount becomes your annual maximum that is available each and every calendar year when there's a new diagnosis of a covered critical illness*. Depending on the diagnosis you receive, your benefit payment may be 100%, 50% or 10% of your selected benefit amount, not to exceed the annual maximum available. There is no lifetime maximum on the number of payouts.

How is the benefit paid?

10% benefit	50% benefit	100% benefit
 <p>Cancer</p> <ul style="list-style-type: none"> Invasive basal/squamous cell skin cancer In situ cancer Benign brain, spinal cord and cranial nerve tumors Myelodysplastic syndrome 	 <p>Cancer</p> <ul style="list-style-type: none"> Stage 1 melanoma Stage 1 or 2 cancers, no lymph node involvement 	 <p>Cancer</p> <ul style="list-style-type: none"> Stage 3 or higher Stage 2 involving lymph nodes Melanoma stage 2 or higher Stage 1 or higher: pancreas, esophagus, leukemia, lung, liver, biliary tract, head and neck, lymphoma, multiple myeloma

*A 30-day waiting period may apply before benefits are payable. Please consult your policy/group certificate for specific covered illnesses and details.

Why do you need it?

If critical illness strikes, how would recovery, and living with critical illness, affect you and your family?

- Who will care for you, your children; how will you manage your daily matters?
- Did your diagnosis catch it early enough, and what are your treatment options? Do you have access to experts to verify your diagnosis and treatment plan?
- If your illness were to progress to later stages, are additional funds available?

Facts about surviving critical illness

More people are surviving and living with critical illness. Trustmark Critical HealthEvents benefits help provide more continuity to get on with your life.

Features you'll appreciate

- **Base benefit amount/annual maximum** - Choose a benefit which creates your calendar year annual maximum amount available for benefit payouts. Benefit amounts may vary by underwriting conditions. Please consult your policy/group certificate for details.
- **Guaranteed renewable** - Guaranteed active coverage for life, as long as premiums are paid. Your premium may change if the premium for all policies in your class changes.
- **Level premiums and coverage** - Enjoy rates that don't increase and benefits that don't decrease because of age.
- **Family coverage** - Apply for your spouse, children and dependent grandchildren.
- **Portability** - Take your coverage with you and pay the same premium even if you change jobs or retire.
- **Convenient payroll deduction** - No checks to write. A direct bill option is available when you change jobs or retire.

Pre-Existing Condition Limitation

In most states, no benefit will be paid for any condition caused by or resulting from a pre-existing condition, which varies by state.
