SAVE MONEY ON YOUR MEDICATIONS

ABOUT US

Tria Health's Pharmacy Advocate Program offers one-on-one confidential counseling with a Tria Pharmacist to discuss how effective your medications are in treating your conditions. Your pharmacist will work with you and your physicians to reduce the risk of medication-related problems.

WHO PARTICIPATES?

Individuals who take multiple or specialty medications and have one or more chronic condition(s):

- Diabetes
- Heart Disease
- High Cholesterol
- Respiratory
- Pain
- Mental Health
- Osteoporosis
- High Blood Pressure

SAVE MONEY

Engaged members will receive reduced copays on qualifying generic and brand medications!

ONE-ON-ONE CONSULTATIONS

Over the phone, a pharmacist will review your medications, evaluate how well they work to treat the current condition(s) and make recommendations.

CUSTOMIZED CARE PLAN

After your consultation, you'll receive a summary of everything you discussed with your pharmacist. The same information will be shared with your physician.
