

HumanaFirst[®] Nurse Advice Line

Free 24-hour health information,
guidance and support **1-800-622-9529**

Health concerns? Give us a call.

Nurses are available around the clock for your immediate medical concerns. Our nurses can help you decide if you need to go to the ER or tell you how to change a bandage.

You can also call for longer-term health planning and support. Nurses can connect you with programs to help you lose weight or quit smoking. They can help you find out more about a health condition or help you find other support programs.

Keep this card handy—or call the Nurse Advice Line number on the back of your Humana member ID card.
