# How

# FSA's WORK

## FSA

### A simple way to save

Take advantage of significant tax savings by participating in a flexible spending account (FSA). You can elect to have a portion of your paycheck (up to \$2,700) contributed pre-tax to pay for qualified medical expenses such as deductibles, copayments, dental and vision. A dependent-care FSA (DCRA) is also offered for similar tax savings on qualified dependent-care expenses.

### Healthcare FSA

Funds from a healthcare FSA can be used for qualified expenses including medical, dental, vision, deductibles, copayments and co-insurance. For a full list of qualified expenses allowed by the IRS, see IRS Publication 502. With healthcare FSAs, the entire elected amount is available to you on the first day of the health plan year. You don't have to wait for your payroll contributions to accumulate before paying expenses with your FSA.

### Dependent-care accounts

You may set aside up to \$5,000 annually if single or married and filing your taxes jointly (\$2,500 annually if married and filing taxes separately) on a pre-tax basis to pay for daycare expenses. Participants can save up to 30% on eligible child care expenses, such as daycare, in-home care, nursery school, preschool and other qualifying care for dependents under age 13. Participants can also cover a tax-dependent parent, spouse or child who lives with the associate and is incapable of caring for oneself. The care must be needed so that you and your spouse can go to work or attend school full-time.

### Use-it-or-lose-it

Holiday's FSAs are use-it-or-lose-it plans. This means that amounts in the FSA at the end of the plan year cannot be carried over to the next year. However, the plan does provide for a grace period. Additionally, if an account holder leaves an employer or retires, unused funds are forfeited. For more details, see IRS publication 969 or consult a tax advisor.

# Welcome to healthcare virtually anywhere

Member/Patient Services: (855) 636-3669

Group Name: Holiday Retirement

Plan Code: FNR49L6X

Visit Fee: \$25 (medical)

\$65 (therapy)

## What

**What's telehealth?** A service that helps you to reach a medical provider or therapist by phone or online when access to your regular doctor is not available.

**What's a visit fee?** A fixed amount that you owe at the time of your visit. Review your member card to see yours.

## Who

**Who can use the service?** The program is available to you, your spouse or domestic partner, and children up to the age of 26. You must be 16+ to have a therapy session.

**Who will I see?** Medical care is provided by our US-licensed and board-certified physicians, physician assistants, and nurse practitioners. Licensed therapists provide talk therapy.

## When

**When should I use telehealth?** When you need medical attention for a minor health concern anytime, day or night, at home or when traveling. Teletherapy can be a more convenient and private way to speak to someone.

**When can I use MeMD?** Medical visits are available 24/7 - 365, and therapy sessions can be scheduled in as little as 24 hours.

**Where can I use telehealth?** Nationwide - from the privacy of your own home or office, online, over the phone, or by app.

## Register online to start using your MeMD benefits:

- Request a visit with a medical provider 24/7/365, review past exams, schedule a therapy session, and, when medically necessary, have prescriptions sent to your local pharmacy.
- Download the MeMD App on your Apple or Android device to view your plan details and get care right when you need it: [go.memd.me/app](https://go.memd.me/app)

# DID YOU KNOW YOU SHOULD ASK?

Patients often accept their doctors' advice without truly understanding what alternative treatments are available, and what – if any – differences there are in cost and effectiveness among those alternatives. Asking questions can help you decide what treatment plan is best for both your health and your wallet.

## **General questions to ask**

- Why is this treatment necessary?
- How much will my treatment cost?
- Can I be treated another way that is equally effective but less costly?
- What is the current procedural terminology (CPT) code of this treatment so I can price shop this procedure?
- What can I do to improve my condition?

## **Questions to ask about prescriptions**

- Why are you suggesting this specific dosage?
- Is my prescription in my insurance's approved list? Or, is this a specialty drug?
- Can you recommend a lower-cost generic or over-the-counter drug as an alternative?

*Note: The questions listed above are designed to help you maximize your health care dollars. These questions should not be used as a substitute for your doctors professional, medical advice.*

# BENEFIT GLOSSARY

## Benefit Glossary

The following definitions should help you understand your benefit plans. Remember, you have access to in-network and out-of-network providers. Our medical, dental and vision network providers have contracted rates that can be much lower than out-of-network providers. Your out-of-pocket expense may be lower by using in-network providers.

**Copay:** A copay is a fixed amount you pay for a health care service, usually when you receive the service. The amount can vary by the type of service. You may also have a copay when you get a prescription filled. For example, a doctor's office visit might have a copay of \$30. The copay for an emergency room visit will usually cost more, such as \$250. And you might pay some of the deductible if, for example, your doctor orders an X-ray or lab tests.

**Deductible:** A deductible is the amount you pay for health care services such as X-rays, lab work, inpatient hospital stays or outpatient surgeries. Let's say your plan's deductible is \$1,500. That means for most services, except seeing your doctor or getting your prescription filled, you'll pay 100 percent of your medical and pharmacy bills until the amount you pay reaches \$1,500. After that, you share the cost with your plan by paying co-insurance and copays.

**Co-insurance:** Co-insurance is your share of the costs of a healthcare service. It's usually figured as a percentage of the amount the insurance plan says is to be charged for services. You start paying co-insurance after you've paid your plan's deductible. Here's how it works: Lisa has allergies, so she sees a doctor regularly and pays an office visit copay. She had an MRI done recently and paid her \$1,500 deductible. Now her plan will cover 70 percent of the cost of her allergy shots. Lisa pays the other 30 percent. That's her co-insurance.

**Convenience care:** A retail walk-in clinic that offers fast, convenient and affordable treatment. Staffed by nurse practitioners and physician assistants, these clinics are typically set up inside or adjacent to a large retailer or pharmacy for maximum patient convenience. The healthcare providers at walk-in medical clinics diagnose and prescribe medications to treat a range of common conditions such as allergies, colds, flu, earache and strep throat. Some walk-in clinics administer vaccinations and provide preventive care such as school physicals, health screenings and medical tests.

**Imputed income:** Imputed income is the value of a service or benefit provided by employers to employees, which must be treated as income.

**Network:** A network is the group of providers who are approved for services and available for treatment under the insurance company's contract.

**Outpatient:** Refers to receiving treatment at a hospital or outpatient facility without being admitted overnight.

**Out-of-pocket maximum cost:** The out of pocket maximum is the most you will pay in a calendar year for health care services. Once you have paid the maximum allowed under the health plan, the insurance company will cover 100% of costs for services as long as the service is provided by a contracted health care provider. As an example: Sue is admitted to the hospital on March 15 and stays four days. The total hospital bill is \$30,000. Her insurance plan has a \$1,500 deductible and a maximum out-of-pocket cost of \$4,000. She will pay her deductible of \$1,500, which is counted toward her out-of-pocket maximum. That leaves a remaining balance of \$2,500. She will pay her co-insurance of 20% of the remainder of her hospital bill until she has paid the \$2,500. Her total out-of-pocket cost is \$4,000. Insurance company pays the remaining \$26,000. For the rest of the calendar year, the insurance company will pay 100% of her costs for all services covered under her health plan, including doctor visits, prescriptions and any other healthcare services she needs.

**Primary care physician (PCP):** Your point person for a health tune-up. These doctors or nurse practitioners help take care of the basics of healthcare, focusing on wellness and prevention. The PCP is your primary partner for your health. You should see them at least once a year for your physical (annual physicals are covered at no cost to you).

**Provider:** A provider is any facility, person or entity recognized for payment by the insurance company.

**Reasonable and Customary (R&C):** The determined going rate for like services in the same area. The insurance company's co-insurance percentage that they pay is taken from the R&C amount for that service. You are responsible for your co-insurance percentage plus all of the amount that exceeds R&C. R&C is used only when services are provided by an out-of-network provider.

**Urgent care:** a walk-in clinic to treat patients whose illnesses or injuries are not life-threatening but require immediate medical care, such as broken bones and burns. Most urgent care locations have onsite X-ray equipment and at least one medical doctor available. However, it is common to be seen by a nurse practitioner or physician assistant at an urgent care center.

# REQUIRED NOTICES

## Required Notices

### Health Insurance Marketplace Coverage Options

In 2014 a new option to buy health insurance began: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the Marketplace and employment based health coverage offered by your employer.

#### WHAT IS THE HEALTH INSURANCE MARKETPLACE?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers “one-stop shopping” to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins November 1, 2019 and ends on December 15, 2019. You can get coverage through the Marketplace for 2020 if you qualify for a special enrollment period or are applying for Medicaid or the Children’s Health Insurance Program (CHIP). Here are some important dates:

- November 1, 2019: Open Enrollment starts
- December 15, 2019: Last day to enroll or change 2020 health plan
- January 1, 2020: 2020 Insurance coverage begins

#### CAN I SAVE MONEY ON MY HEALTH INSURANCE PREMIUMS IN THE MARKETPLACE?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn’t meet certain standards. The savings on your premium that you’re eligible for depends on your household income.

#### DOES EMPLOYER HEALTH COVERAGE AFFECT ELIGIBILITY FOR PREMIUM SAVINGS THROUGH THE MARKETPLACE?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer’s health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.86% (2019) of your household income for the year, or if the coverage your employer provides does not meet the “minimum value” standard set by the Affordable Care Act, you may be eligible for a tax credit.<sup>1</sup>

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution—as well as your employee contribution to employer-offered coverage—is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

#### HOW CAN I GET MORE INFORMATION?

For more information about your coverage offered by your employer, please check your summary plan description or contact your Human Resources department.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit [HealthCare.gov](http://HealthCare.gov) for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

### Special Enrollment Rights

If you are declining enrollment for yourself or your dependents due to other coverage, you may be able to enroll later if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward it) if you request enrollment within 30 days. If you have a new dependent as a result of marriage, birth, adoption or placement for adoption, you may also be able to enroll later if you request enrollment within 30 days of the event. To request special enrollment or obtain more information about your special enrollment rights, contact the My Holiday Service Center. If you do not have a certificate, but do have prior health coverage, we will help you obtain one from your prior plan. There are also other ways of proving you have creditable coverage. Please contact the My Holiday Service Center if you need help demonstrating creditable coverage.

### Privacy Policy

You are entitled to receive an explanation of how your personally identifiable health information will be used and disclosed. For example, a physician or hospital is required to provide you a Notice of Privacy Practices at your first visit. You will be required to sign an acknowledgment indicating that you received the Notice of Privacy Practices. If you have health insurance coverage, the insurance company or health plan will also provide you a Notice of Privacy Practices immediately after you are enrolled in the plan. It is important that you read the Notice of Privacy Practices in order to understand your rights and know who to contact if you feel your privacy rights have been violated. Contact the My Holiday Service Center for a copy of our health plans’ Notice of Privacy Practices.

### Addendum B - Medicare Part D Notice of Creditable Coverage

**Remember:** Keep this notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

#### IMPORTANT NOTICE FROM HOLIDAY RETIREMENT ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Nautique and about your options under Medicare’s prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Holiday Retirement has determined that the prescription drug coverage offered through Cigna is or are, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is

<sup>1</sup>An employer-sponsored health plan meets the “minimum value standard” if the plan’s share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs. The information in this benefit guide is presented for illustrative purposes only. Please refer to the plan document for complete details.

therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

#### **WHEN CAN YOU JOIN A MEDICARE DRUG PLAN?**

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

#### **WHAT HAPPENS TO YOUR CURRENT COVERAGE IF YOU DECIDE TO JOIN A MEDICARE DRUG PLAN?**

If you decide to join a Medicare drug plan, your current coverage will not be affected. If you do decide to join a Medicare drug plan and drop your current coverage, be aware that you and your dependents will be able to reenroll in our program during the next open enrollment period.

#### **WHEN WILL YOU PAY A HIGHER PREMIUM (PENALTY) TO JOIN A MEDICARE DRUG PLAN?**

You should also know that if you drop or lose your current coverage with Nautique and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

#### **FOR MORE INFORMATION ABOUT THIS NOTICE OR YOUR CURRENT PRESCRIPTION DRUG COVERAGE...**

Contact the person listed below for further information. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Nautique changes. You also may request a copy of this notice at any time.

#### **FOR MORE INFORMATION ABOUT YOUR OPTIONS UNDER MEDICARE PRESCRIPTION DRUG COVERAGE...**

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit [www.medicare.gov](http://www.medicare.gov)
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

### **Medicare Part D Creditability**

Our health plan's prescription drug benefit is creditable with Medicare Part D drug benefits. "Creditable" means our prescription drug benefits are as good or better than Medicare Part D benefits. This is important information that will help Medicare-eligible individuals decide whether to enroll in Medicare Part D benefits. Not enrolling in Medicare Part D when initially eligible will result in a significant premium penalty unless the individual can show he/she had credible group prescription drug benefits.

### **General Reminders**

Health and welfare benefits are not vested benefits and are subject to change at the sole discretion of Holiday Retirement. Holiday Retirement reserves the sole and exclusive right to alter, reduce or eliminate any pay practice, policy or benefit at any time and without advance notice, except as required by law.

Please do not enroll dependents that are not eligible for our benefit plans. To knowingly do so will result in their termination from the benefit plans, your repayment of benefits paid and possible disciplinary actions.

Every effort has been made to ensure that the information provided in this benefit summary is accurate. In all cases, however, the benefit plans will be administered in accordance with the governing plan documents, insurance contracts, or company policies. These documents are available to plan participants upon your request.

### **General Notification of Your COBRA Rights and Responsibilities**

**Introduction to COBRA:** This notice is intended to provide information about your rights and responsibilities under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). This notice does not change your status on the group health plan in any way. Rather, this notice explains rights and responsibilities you may have in the future under the following group health plan(s):

#### **Group Health Plan**

Group Health Plan(s) sponsored by Holiday Retirement

**Are there other coverage options besides COBRA Continuation Coverage?** Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at [www.healthcare.gov](http://www.healthcare.gov).

If a COBRA qualifying event, which would terminate your group health plan coverage, occurs in the future, you would have the option to continue your coverage at your own expense. COBRA continuation coverage is the same group health plan coverage you had before your qualifying event. It is the same coverage provided to similarly situated active employees who have not experienced a qualifying event, but it does not include life insurance or disability coverage. Once you and your spouse or dependents (if any) become covered by the group health plan, there are specific

qualifying events that may occur that cause you to lose coverage. Those events and the length of continuation coverage you could be allowed are:

Event	Duration of Coverage
Termination of Employment (either voluntary or involuntary, other than for Gross Misconduct)	18 months
Reduction in Hours (such as layoff, leave of absence, reduced work hours, etc.)	18 months
Death of the Covered Employee	36 months
Divorce or Legal Separation	36 months
Covered Employee's Entitlement to Medicare	36 months
Dependent Child Ceasing to be Dependent	36 months
Bankruptcy (Title 11) of the Employer	Possible lifetime coverage for covered retirees and their spouses and dependents only

If your employer provides a retiree health plan, sometimes filing a proceeding in bankruptcy under Title 11 of the United States Code can be a qualifying event. If a bankruptcy proceeding is filed with respect to Holiday Retirement, and that bankruptcy results in the loss of coverage of any retired employee covered under the plan, the retired employee will become a qualified beneficiary. The retired employee's spouse, surviving spouse and dependent children will also become qualified beneficiaries if the bankruptcy results in the loss of their coverage under the plan.

**Health Flexible Spending Account (FSA):** Generally, continuation coverage would be available only for the remainder of the plan year in which the qualifying event occurred. Special rules govern FSA eligibility under COBRA. For additional information, please refer to the summary plan description for your FSA.

You may also experience a loss of coverage "in anticipation" of a qualifying event, such as a divorce or legal separation. If that happens, continuation coverage will be offered once the qualifying event has occurred (and has been reported within the proper time frames). In that case, coverage does not have to be provided from the date of your loss of coverage to the date of the qualifying event.

**Who can elect COBRA:** Each employee, spouse and dependent child who was covered by the group health plan the day before the qualifying event and who loses coverage due to the qualifying event is a COBRA Qualified Beneficiary. A child born to, or placed for adoption with, the covered employee during the period of COBRA continuation is also a qualified beneficiary, if the employer/plan administrator is notified within 30 days of the birth or placement for adoption.

Each qualified beneficiary has an independent right to elect continuation coverage under COBRA. This means all qualified beneficiaries, including a spouse and/or a dependent child, may elect single coverage. However, if two or more family members elect the same coverage, you will be required to pay the applicable premium for the closest level of coverage that a similarly situated active employee would have, such as "two-person" or "family." The covered employee or spouse may elect on behalf of all other qualified beneficiaries. A parent or legal guardian may elect on behalf of dependent children.

**How to elect COBRA:** RGA mails COBRA notices on behalf of Holiday Retirement and is also the party responsible for all other COBRA administration, including COBRA elections and payments. RGA is not an insurance company or the provider of benefits. Once a qualifying event occurs and is reported properly, Holiday Retirement will instruct RGA to notify you, in writing, with specific information about your qualifying event. The notice will contain instructions for electing continuation coverage, as well as the last date on which you can elect. You will be allowed at least 60 days to elect continuation coverage. Verbal elections will not be accepted. If you elect continuation coverage, Holiday Retirement has the right to verify your eligibility for coverage. If you are not eligible, continuation coverage may be denied or retroactively terminated.

The covered employee or spouse may elect on behalf of all other qualified beneficiaries. A parent or legal guardian may elect on behalf of dependent children. If you fail to timely elect, you will lose your right to continue coverage. Proof of timely election is your responsibility (the United States Postal Service offers several proof-of-mailing services). A COBRA election is deemed made on the date it is postmarked. If you waive continuation coverage in writing, you have 60 days from the later of the loss of coverage date or the date the notification was mailed to you to revoke your waiver and elect continuation coverage.

Any claims you incur during the waiver period may not be covered. RGA does not administer waivers of continuation coverage. Instead of waiving your COBRA rights if you do not want COBRA, you simply do not need to send in your COBRA Continuation Coverage Election Form. During your election period, you may find that you have been removed from the group health plan. Once you make a timely election and payment, your coverage will be reinstated retroactive to your loss of coverage date. If you do not elect, any expenses you incur will become your financial responsibility. You are not required to make a payment with your COBRA election, but coverage may not be reinstated until a timely payment is made. The time frame for reinstatement of coverage often depends upon the insurance company. To confirm your coverage status, please call the insurance company directly.

**Paying for Continuation Coverage:** Once you elect COBRA continuation coverage, it must be **paid for from the "loss of coverage" date forward in consecutive monthly payments.** Gaps in continuation coverage are not permitted. The first payment for coverage (including coverage retroactive to the loss of coverage) is due in full within 45 days of your election date. For monthly payments following your date of election, the premium is due in full on the "day due" each month. Each monthly coverage period has a grace period of at least 30 days. If your first and last month's premiums are partial months, they will be prorated.

A COBRA payment is deemed made on the date it is postmarked (or when it is submitted online at RGA's website). Payments made after any grace period ends (either the 45-day grace period or a monthly 30-day grace period) are considered late and will not be accepted. Holiday Retirement and RGA are not required to make exceptions based upon individual circumstances, and if you make a late payment, coverage will be terminated permanently, with no possibility of reinstatement. Invoices are not required, and you must postmark your payments by the monthly grace date even if you do not get an invoice. Returned checks (for instance, closed accounts, non-sufficient funds or stop payments) are the same as no payment at all. Proof of timely payment is your responsibility (the United States Postal Service offers several proof-of-mailing services).

Certain states and certain plans may suspend coverage each month until payment is confirmed. Therefore, if you pay during your grace period, your coverage and your claims may be temporarily suspended each month. (This action is allowable under applicable federal COBRA law and regulations and may be required by certain state laws.)

**Extending Continuation Coverage:** If the qualifying event leading to your election of COBRA continuation coverage was your termination or reduction of hours (or by any other name, a qualifying event that allowed for 18 months of continuation), you may be able to extend your COBRA continuation coverage period for two reasons:

**Social Security Disability Determination:** If any qualified beneficiary is determined to be disabled by the Social Security Administration, all qualified beneficiaries may receive an additional 11 months of COBRA continuation coverage (29 months total from the original qualifying event). To qualify for this extension, all requirements must be met:

1. The qualified beneficiary must be disabled at any time during the first 60 days of continuation coverage.
2. The qualified beneficiary must provide the Social Security disability award letter to RGA within 60 days from the later of his or her "event date", "loss of coverage" date or the date of the award letter.
3. The qualified beneficiary must provide the Social Security disability award letter to RGA before his or her 18-month continuation coverage period ends (refer to the "coverage expires" date above).

You must also follow the reporting instructions described at the end of this notice. During a disability extension, you may be charged up to 150% of the applicable premium (including the employer's cost) for the coverage. The increased cost begins in the 19th month.

If the Social Security Administration later determines that the disabled qualified beneficiary is no longer disabled, the disability extension will end. Continuation coverage will terminate for all qualified beneficiaries at the end of the month that is 30 days after the date of the Social Security determination (but not before the end of the original 18 months). If you are determined to be no longer disabled, you must report this change within 30 days, following the instructions at the end of this notice.

**Second Qualifying Events:** If a second qualifying event that would normally cause a loss of coverage as a first qualifying event (death of the covered employee, divorce or legal separation, or a dependent child ceasing to be a dependent child) occurs during the 18-month continuation coverage period, the spouse and/or dependent children who are qualified beneficiaries and who would have lost coverage may receive an additional 18 months of continuation coverage (36 months total from the original qualifying event). You may be eligible for this extension even if you have already been granted an extension of continuation coverage for Social Security Disability. You must report a second qualifying event within 60 days of the qualifying event.

You can report these events by mailing in the notice or a description of the event. Please see the instructions at the end of this notice for more details. Once you report one of these events, RGA and Holiday Retirement will review your eligibility. If you are not eligible, you will receive a Notice of Unavailability that will explain why.

**Conversion Coverage:** After continuation coverage expires, you may be eligible to elect an individual conversion policy, if your group health plan has such an option. Conversion coverage is not the same as group health plan coverage, and it is not the same as continuation coverage. Rates and benefits may be different. For more information, refer to your plan booklet or summary plan description, or contact the insurance company directly. Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in a higher premium or you could be denied coverage entirely.

## ADDITIONAL ELECTION, EVENT REPORTING AND PAYMENT INSTRUCTIONS

Once you have a qualifying event, copies of important documents relating to your COBRA rights are available by contacting RGA at Email: COBRARequests@accesstpa.com or phone: 877-462-1414.

## PAPER REPORTING OF DISABILITY DETERMINATION OR ADDITIONAL QUALIFYING EVENTS

You may call RGA at 877-462-1414 to request a "COBRA Event Notice" form.

You must report these events in writing, but use of the form is not required if you include the following information:

- Name, address and phone number of the covered employee.
- Name, address and phone number of qualified beneficiaries experiencing the event.
- Group health plan coverage.
- The event experienced.
- The date of the event.
- For Social Security disability awards, you must include a copy of the award letter.
- If deemed no longer disabled, you must also include a copy of that letter.
- For all other events, you must include your signature and a statement that the event occurred as represented.

Send the "COBRA Event Notice" or other written format to:

### Forms can be mailed to:

COBRA Department  
Healthcare Management Administrators  
P.O. Box 53168  
Bellevue, WA 98015  
Email option: COBRARequests@accesstpa.com  
Fax option: 425-285-3662

**How long does COBRA continuation coverage last:** If you elect COBRA continuation coverage, your coverage will begin and end on the dates per the table above. COBRA continuation coverage may terminate earlier than the end date noted above for the following reasons:

- You first become, after the date you elect continuation coverage, covered by another group health plan.
- You first become, after the date you elect continuation coverage, entitled to Medicare Part A, Part B or both.
- Your payment is not timely as described below.
- Holiday Retirement ceases to provide any group health plan.
- During any 11-month disability extension, a disabled qualified beneficiary is deemed no longer disabled by the Social Security Administration.
- Your coverage is terminated for cause, such as fraud, on the same basis that coverage can be terminated under the Holiday Retirement Plan for active employees.

After electing COBRA continuation coverage, you or any qualified beneficiary must notify RGA or Holiday Retirement in writing within 30 days of: becoming entitled to Medicare Part A, Part B or both; or becoming covered under another group health plan.

Failure to provide this notice as required may result in retroactive termination of COBRA continuation coverage. Any expenses incurred during a period for which coverage is later terminated will become your financial responsibility and may require repayment to the providers.

**HIPAA SPECIAL ENROLLMENT and COBRA:** You should take into account that you have special enrollment rights under federal law. You have the right to request special enrollment in another group health plan for which you are otherwise eligible (such as a plan sponsored by your spouse's employer) within 30 days after your group health coverage ends because of the qualifying event

listed above. You will also have the same special enrollment right at the end of continuation coverage if you keep continuation coverage for the maximum time available to you.

**More Information:** This notice does not fully describe your continuation coverage or other plan rights. You can find more complete information in your summary plan description, plan booklet or certificate. If you have questions about your COBRA rights, please contact RGA at 877-462-1414. For more information about your rights under ERISA, including COBRA, HIPAA and other laws affecting group health plans, visit the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) website at [www.dol.gov/ebsa](http://www.dol.gov/ebsa) or call their toll-free number at 866-444-3272. For more information about health insurance options available through the Health Insurance Marketplace and to locate an assister in your area who you can talk to about the different options, visit [www.healthcare.gov](http://www.healthcare.gov). It is important to keep Holiday Retirement and RGA informed of address changes for all qualified beneficiaries. This notice contains important information about your rights and responsibilities under the COBRA law. Please keep this notice for future reference.

Please make a copy for your records of any information you submit to RGA.

Holiday Retirement contact: Nicole Hayric, 800-322-0999.

### **Women's Health & Cancer Rights Act of 1998**

Did you know that your medical plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymph edema)? For more information regarding this benefit, contact customer service at the number listed on the back of your medical ID card.

### **The Newborns' and Mothers' Health Protection Act (the Newborns' Act)**

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

### **Your Right to Receive a Notice of Privacy Practices**

Holiday Retirement is subject to the HIPAA privacy rules. In compliance with these rules, it maintains a Notice of Privacy Practices. You have the right to request a copy of its Notice of Privacy Practices by contacting the medical insurance company. (See telephone number on your medical ID card).

### **Addendum A – Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)**

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit [www.healthcare.gov](http://www.healthcare.gov). If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available. If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or [www.insurekidsnow.gov](http://www.insurekidsnow.gov) to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan. If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at [www.askebsa.dol.gov](http://www.askebsa.dol.gov) or call 1-866-444-EBSA (3272).
